NEW YORK ACADEMY OF SCIENCES
FORMERLY LYCEUM OF NATURAL HISTORY.
CHARTERED 1818.

PRESIDENT.
J. S. NEWBERRY, COLUMBIA COLLEGE.
SECRETARY.
H. L. FAIRCHILD, 54 WEST 55TH ST.

New York, July 22d, 1889.

William Brewster, Esq
Cambridge, Mass.

Dear Sir:

In response to yours of 18th inst., to our Librarian, I would state that the "Lyceum" published eleven vols. of Annals, which we offer singly at five dollars ($5.00) each. The entire set will be sold at ($50.00) fifty dollars.

But, — one or two of the earlier vols. are so far out of print, that we have no complete copies, that is, until we reprint certain "signatures" & parts. This we have wanted to do for some time past, but have not yet done. During the summer recess, we are not authorised to incur expenses, save as appropriated by the Academy prior to adjourning in June. But, if you wish to purchase a set at the above rate, & will so inform us, we will proceed to have this work done at once; as the price of the set will go far to cover the cost of the reprinting. Please therefore

inform us, at your early convenience, if you wish the set, & we will act accordingly. The vols. since No. III. can be sent you at any time.

Yours truly,

D. S. Martin,

Chairman Publ. Com.
